

DELAYED

BUT NOT DENIED

IMMEDIATE RELEASE

Brand Therapist Revives Hopes and Dreams in New Co-Authored Book

CHICAGO, IL (November 23, 2016) - **Ambitious and fledging female entrepreneurs struggling to keep the dream alive are set to get doses of inspiration in the new book, *Delayed but Not Denied* co-authored by Audrey Woodley.**

The book compiled by Toni Coleman Brown and Julia D. Shaw is a dynamic resource featuring 20 inspirational stories about life and resiliency. The book boasts a perfect five star rating and recently hit the #2 spot on Amazon for Kindle Best sellers in the category of Motivation Self-Help.

Woodley's story titled How C.P.R. Changed My Life tells empowering story of how she overcame a string of adversity to become a successful business woman. Everyone knows CPR as Cardiopulmonary Resuscitation. But Audrey has redefined this acronym to mean Condition Prayer and Reflection- three basics that that helped her manoeuvre out of the deep dark pit of debt and despair.

She said: "Many don't know that I hit rock bottom. My marriage didn't work, my credit was bankrupt, and my so called good paying teaching job with benefits gave me the pink slip. With no money in the bank, bankrupt, I had to fall on my knees and ask God, please save me from this sinking boat."

CPR is also the bedrock of Woodley's branding business and the inspiration for her popular course 7 CPR Principles. As business coach, entrepreneur, motivational speaker and brand strategist; Woodley is committed to inspiring female entrepreneurs and has built a solid reputation for taking women from "confused and disoriented business owners" to highly sought-after women of power and influence.

One client, Rochelle R. said: "7 CPR Principles helped me learn how to identify, analyze and find real answers to everyday problems no matter how big or small. If you are ready to hold yourself personally responsible and fully accountable for achieving the success that God wants to bless you with, then the 7CPR Principles is where you should start."

Woodley has several events lined up in 2017 for female entrepreneurs who are serious about taking their business to the next level. Among them is the 7 CPR Principles Boot Camp and a Digital Retreat. She is also available for speaking engagements. Delayed But Not Denied is available in paperback and kindle format.
